

## SYMBOL FIFTY TWO

This symbol is straight and simple yet has vast coding, it is a representation of Solaris or Sol. It is the diamond field of our solar bodies. Brilliant Blue in color radiating gold and silver out from blue. Its expression is the evolution into cosmic coding. Yes this is a direct piece of mother that connects us beyond the scope of 12D DNA Templating. It connects us to infinity. It's the Solar Star grid and Solar feminine Kryst. Think of this tool as an evolution tool to help humanity with their Solar Kryst activation. There is a poem that was channeled to me as Sol gifted me with her Solar Kryst Body. It can be read out loud, silently, repeated or made audio.

Beloved Be, Mother

I Am the Sol, Mother of Earth  
I Am the Mother, Daughter of Rebirth.

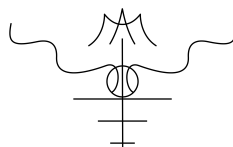

I Call Sol in to Blaze and Shine  
I Call Mother into my Presence Divine.

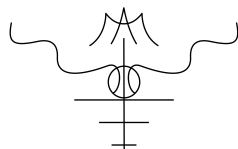

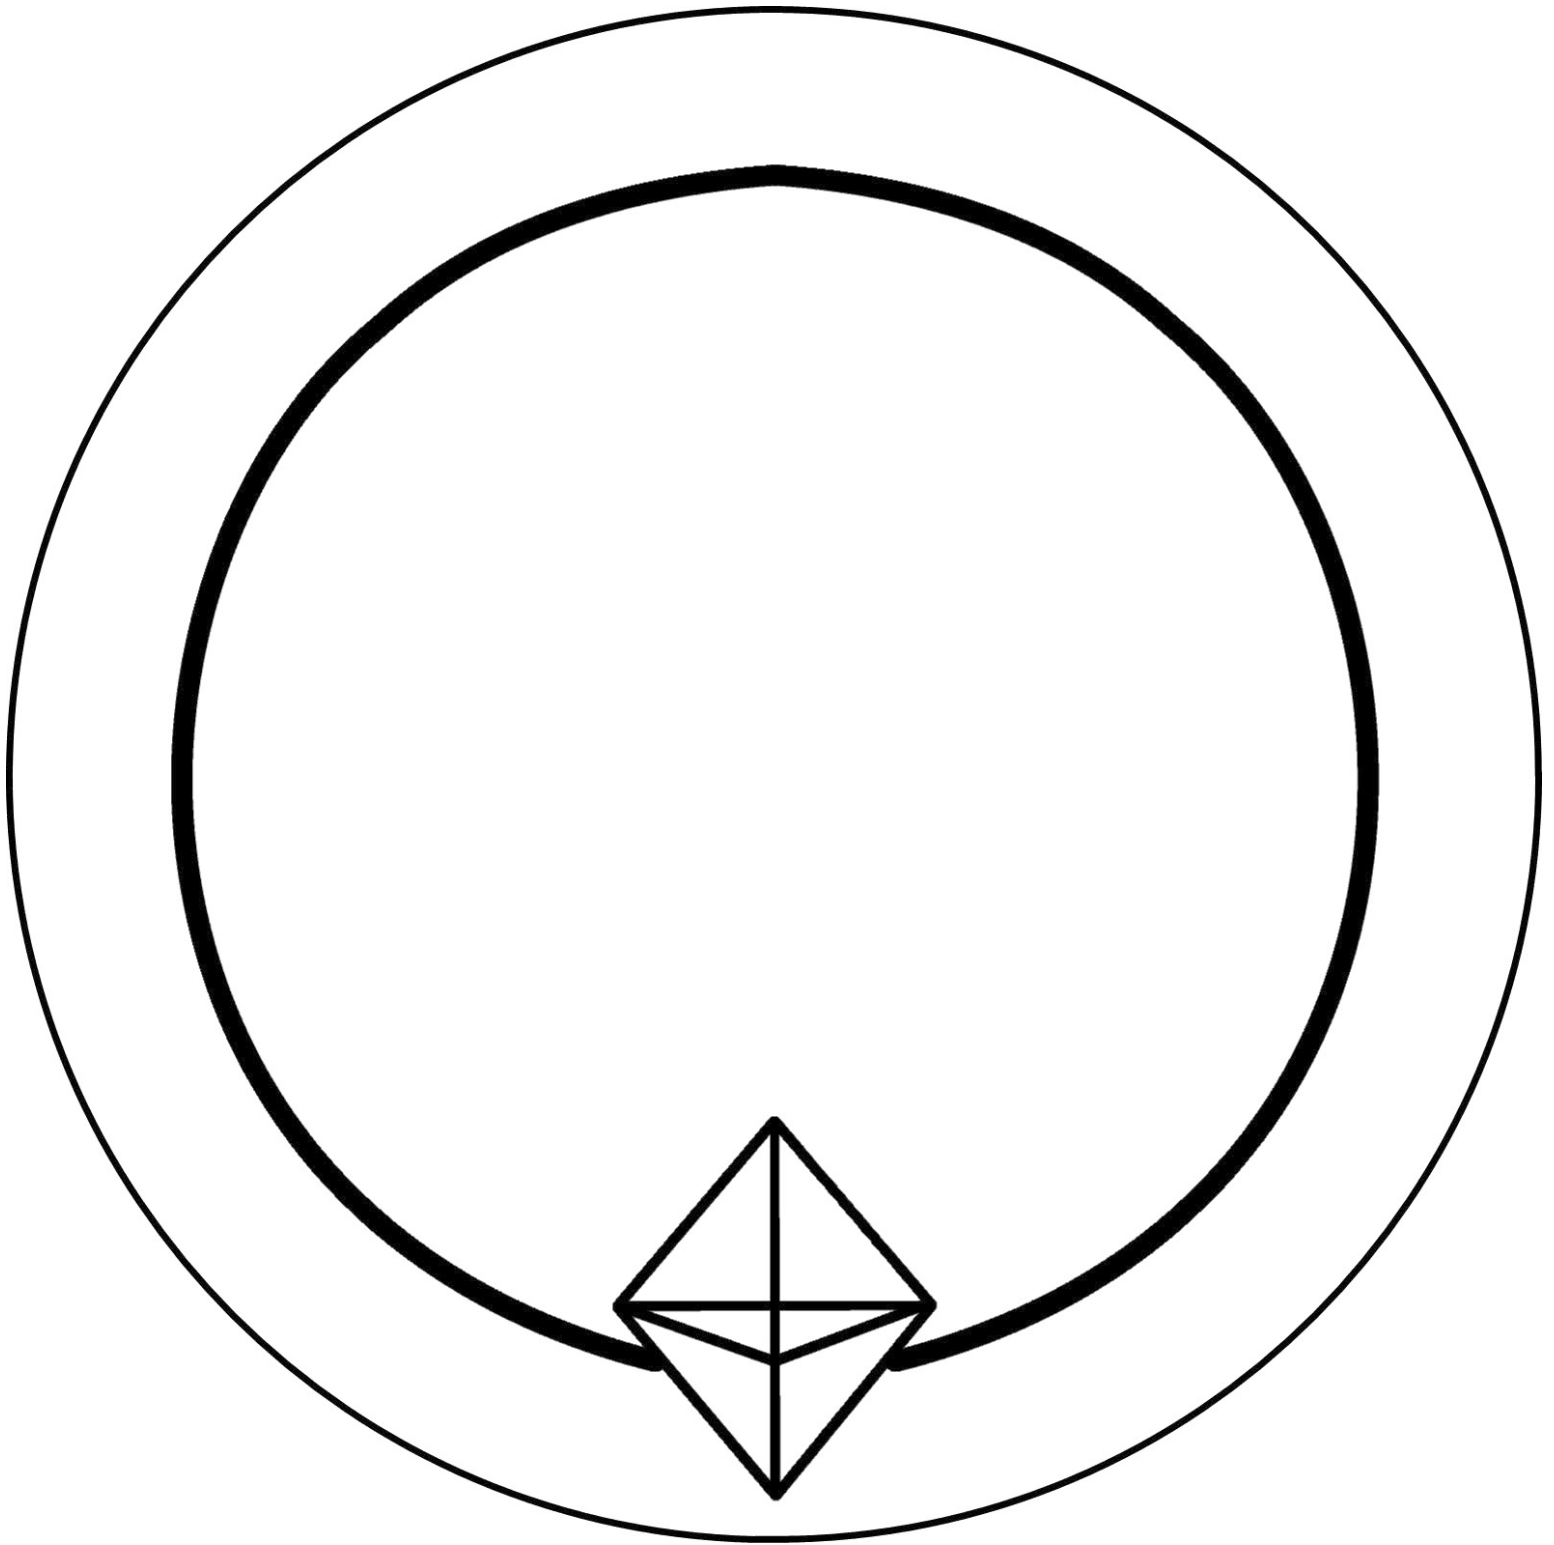

Sol magnify through,  
Share that Peace of Love radiating as you.

Sol, Sol, Sol, So Much Love  
You are Crystal, Solar and the Cosmic Dove

Sol, Sol, Sol, You are Infinite in my Heart  
Thank you, Mother, For you have show me that I AM,  
And Mother, we are never apart

Saying this at a minimum of 2 times while holding, wearing, looking at symbol initializes the rotations of the infinite Solaris Kryst coding within the body. Being in alignment with this symbol means one is not just mentally ready but their physical body in this embodiment is ready for the upgraded signature download, similar to cosmic beings. It starts to organically spin/rotate the cosmic coding into the individual's DNA structure.
